

HKCEE Usage of English Workshop

Dear Parents,

The HKCEE examination in 2010 is expected to be especially competitive in view of it being the concluding year of the JUPAS Early Admissions Scheme (EAS). Under the scheme, students achieving excellent HKCEE results become eligible candidates for top universities in Hong Kong, without having to sit for the HKAL examinations.

To provide candidates with a keener competitive edge, FirstClass Academy is pleased to offer an 'HKCEE English Language Intensive Course', targeted at current Form 5 students.

In a small group setting, this course offers students specialized instruction and intensive preparation for the first three papers (Reading, Writing, and Listening and Integrated Skills). Exclusive sample answers of previous 5* candidates will be discussed, as will skills to secure individual grade targets.

Professional guidance will be provided by our experienced instructor who boasts a 90% 5* grade achievement from her students in the past two years. Students' performance will be objectively marked and assessed according to the HKEA's marking scheme.

Furthermore, the course is now structured to accommodate for the changes introduced to the Hong Kong Education system and the introduction of the HKDSE syllabus. An additional HKCEE Oral Workshop will be available before the Speaking exam in June 2010.

Both new and existing FirstClass Academy students are welcome to apply. For more information or general inquiries, please email help@firstclass.com.hk and state the Subject as "HKCEE Usage of English Workshop".

Best Regards,
Jamie Ku, Instructor
